Responsible person at the Host Institution <sup>v</sup>				

<sup>&</sup>lt;sup>i</sup> Additional rows and columns can be added as needed in all tables.

ii An "educational component" is a self-contained and formal structured learning experience that features learning outcomes, credits and forms of assessment. Examples of educational components are: a course, module, seminar, laboratory work, practical work, preparation/research for a thesis, mobility window or free electives.

iii Course catalogue: up-to-date information on the institution's learning environment that should be available to students before the mobility period and throughout their studies to enable them to make the right choices and use their time most efficiently. The information concerns, for example, the qualifications offered, the learning, teaching and assessment procedures, the level of programmes, the individual educational components and the learning resources.

iv All parties must sign the Learning Agreement before the start of the mobility. It is not compulsory to circulate papers with original signatures; scanned copies of signatures or digital signatures may be accepted, depending on the national legislation or institutional regulations.

<sup>&</sup>lt;sup>v</sup> The responsible person at the Host Institution is an academic who has the authority to approve the Learning Agreement, to exceptionally amend it when it is needed, as well as to guarantee full recognition of such programme on behalf of the responsible academic body.

vi All changes should be indicated in Tables A2, while Tables A should not be modified. All Tables (A and A2) should be kept together in all communications. Changes to the study programme abroad should be approved by all parties.
